SUPERVISORS DAVID CULLEN AND WILLIE JOHNSON, JR., ASK ADMINISTRATION TO EXPLAIN PENSION/BUYBACK

**Co-Chairs of Finance, Personnel and Audit Request Director of Human Resources to Appear Before
Committee to Explain \$11 Million Pension/Buyback**

Milwaukee County Supervisors David Cullen and Willie Johnson, Jr., have asked the Human Resources Director to appear before the Finance, Personnel and Audit Committee on Thursday, May 15 at 9 a.m. to explain the pension/buyback issue.

“This is a serious situation and there are many unanswered questions,” said Cullen, co-chairman of the County Board’s Finance, Personnel and Audit Committee. “There is \$11 million at stake and the public deserves an explanation. The Committee wants to help taxpayers understand how this situation occurred.”

Johnson co-chairman of the committee, said: “Inasmuch as it has been reported in the press that \$11 million has been paid after the County Board passed a resolution stopping improper pension buy-backs in 2007, I believe there should be an accounting of what happened from the Director of Employee Benefits.”
